The beginning of a new year is often the time we start thinking about giving our homes a freshen-up.

Perhaps your kitchen isn't working for you as well as it should, or your bathroom is looking a little past its best. A renovation project can seem a daunting task but the good news is that we, at Guy Crabb Plumbing & Heating, are here on hand to help take the stress out of rejuvenating your home.

We can provide you with a complete design and installation service, including assistance with the selection and supply of goods if required. Our highly skilled professional team can take care of every aspect of the installation for you, including tiling, flooring, building and any carpentry work required.

## How can we help?

We can offer you a free, no-obligation, consultation and design service, starting with a home visit where we will conduct a survey & discuss your requirements. A detailed quote will then be put together for you and, if required, provide you with recommendations & costs for products suitable for your project. If appropriate, we will then invite you to pop in and see us to discuss & finalise the finer details & look at goods. We pride ourselves on delivering exceptional service and, once the quote is accepted, you can safely leave your project in the capable hands of our professional team who will complete the work to a high standard.

### Bathrooms –

A bathroom renovation can instantly modernise and add value to your property, but where to start?

- Bathroom?
- En-suite?
- Shower room?
- Easy access shower?
- Contemporary?
- Traditional?
- Practical?

The possibilities can seem never-ending making the whole task seem overwhelming. We can guide you through the whole process, providing you with advice, assistance and recommendations to bring your project to fruition.

### Kitchens –

A well-planned kitchen can transform the way you use the space. For many of us, the kitchen serves as the heart of the home, providing a communal space for family life & socialising. We can provide you with a kitchen tailor-made to suit your requirements and budget.

We can also assist with sourcing & supplying suitable appliances. We are the local distributors for the prestigious Lacanche range cookers, Rayburn and the Aga Masterchef ranges, feel free to pop in to our showroom where we can talk you through product options to suit your requirements.

### See what our customers have been saying about us -

"What a superb job your firm has made of this Guy. The tenants are delighted with the new en-suite shower and so am I." ~ Mrs M-F, Charmouth

"Thank you so much to Shane and the Guy Crabb team for all your hard work. You have transformed and modernised our bathroom. We will look forward to putting some more projects your way in the future." ~ VP, Seaton

"Thank you for the brilliant job which your men, John and Ben, completed recently. They transformed a rather sad, leaky bathroom into a little paradise! Guy Crabb, your employees are excellent! Thank you!" ~ AF, Bridport

"I have just had my bathroom changed to accommodate a shower and I have to say that getting Guy Crabb to do the work was the best decision I could have made. The fitters did an excellent job and were polite, punctual and very tidy. I will not hesitate to use them for any future work." ~ Mrs J, Axminster

"We are very pleased with the quality of your kitchen installation and all your team, including your recommended electrical contractor, did a splendid and professional job. They were extremely hard working and a pleasure to have in our house." ~ Mr H

"In recent years, your staff have fitted two bathrooms, a new kitchen and a new boiler for us. The standard of workmanship on all has been excellent. I would also like to say a big thank you to your fitters who have always been cheerful, polite and tidy. They have always made the inevitable upheaval as painless as possible and I have never had any doubts about leaving them alone in the house. I shall not hesitate to call on you again. With thanks." ~ Mr T Holmes
