Summer is usually the time that we get to meet and greet customers at local agricultural shows. Unfortunately, due to Covid-19, all this year's shows have been cancelled. Our showroom is now fully open again though and we are always happy to welcome customers old and new – no appointment necessary.

We can't promise a fizz reception but you will always be greeted by a friendly face!

## What have we been up to?

Providing a reliable and high standard of service has always been our main priority at Guy Crabb Plumbing & Heating Ltd, and we felt it was vital to ensure that our customers were kept safe and comfortable during the recent lockdown.

During the 'lockdown' period, we complied strictly with Government guidance and maintained a small team to enable us to deal with essential and emergency work.

All of our furloughed staff have now been brought back to work and we are back to full force and available to, once again, offer all our services.

Obviously, we will all continue to follow stringent social distancing measures, apply rigorous hygiene processes and maintain an awareness of strategies to help avoid catching or spreading the virus.

Rest assured, we will continue to closely monitor the Government guidelines and adapt our processes accordingly in order to provide you with the best service we can.

We are so pleased to be able to provide you with our full range of services once again and look forward to hearing from you.
